

# Kitamura Machinery Announces Exclusive Dealer Partnership for Michigan

Kitamura Machinery, a manufacturer of horizontal, vertical and 5-axis machining centers, announced that VMC Technologies, Inc. is now the dealer of record for the state of Michigan. "VMC Technologies was chosen for its manufacturing knowledge and expertise in the region," said a Kitamura spokesperson.

"VMC Technologies, Inc. takes great pride in announcing our commitment to Kitamura Machinery," said Tansel Avci, the company's president. "Kitamura has established itself as a force in the manufacture of very accurate, highly productive CNC machine tools. Kitamura's impressive product line enhances our current CNC machine tool offerings and we look forward to a long and mutually successful association."

"Founded in 2001, VMC Technologies, Inc. is a full service CNC machine tool distributor with award winning sales, service and financial departments," said Mr. Tansel. Located

in Troy, MI, VMC's facility includes an 8,000 sq. ft. showroom with machines under power and available for customer demonstrations, repair parts and eight service vans equipped with a variety of standard repair items, machine tool rebuild and remanufacture services as well as the capability to provide full turnkey solutions to run parts including: machinery, fixtures, gauging, tooling, training and part run-off.

"We look forward to working with Mr. Avci and the VMC Team," said Mike Umeno, Vice President, Kitamura Machinery. "We see great synergies in this relationship. Together, we can look forward to a long and successful partnership with VMC and their customers.
